1							
2			The manuscripts found in the estate of Ilka Gedő have been divided into two parts. The first part includes the notebooks that record the creation of almost every painting in a diary-like manner. Diary entries concerning one oil painting may be found in several of these notebooks. The second part includes the artist's notes and/or translations on mainly art theory. The artist's notes on colour theory are of great significance for of Ilka Gedő's paintings.
